

Go to Sleep Little Baby

www.singing-bell.com

Go to sleep, little baby
Go to sleep, a-little baby
You're mama's gonna sway
And your daddy's gonna pray
Won't you close your eyes, little baby?

Go to sleep, little baby
Go to sleep, a-little baby
Everybody's gone
Only us until the dawn
Won't you close your eyes, little baby?

You're a sweet little baby
You're a sweet little baby
The chair is gonna rock
But the cryin' don't stop
Gonna sing a little song to the baby

Don't you weep, pretty baby
Don't you weep, pretty baby
Almost had you down
And there was a sudden sound
Now we gotta start over, sleepy baby

Go to sleep, little baby
Go to sleep, a-little baby
So much more to do
And tomorrow's coming soon
Won't you rest 'til then, tired baby?

Go to sleep, little baby
Go to sleep, a-little baby
Come with me
But step carefully
At last, we've got a sleepin' baby
