

What is Read Across America Day?

Read Across America Day is a special day that celebrates the **joy of reading!**

It happens every year on **March 2nd** and is a time when kids, teachers, and families all over the country read together. This day was created to help kids discover how fun books can be and to encourage everyone to read more.

Schools have special events like reading games, book-themed dress-ups, and storytime with teachers or special guests. It's a day to explore new stories, use your imagination, and celebrate books in a fun way!
